

international cooperation building regimes pdf

An international regime is an international process and collection of rules. Sometimes, when formally organized, it can transform into an intergovernmental organization. They are, however, not actors or non-governmental organizations. Organizations only regulate and promote regimes.

Action Plan on Base Erosion and Profit Shifting - OECD

Under the agreement between Cambodia and the UN, the tribunal is to be composed of both local and international judges. Due to Cambodia's predominantly French legal heritage, investigations are performed by the Investigating Judges, who will conduct investigations and submit a closing order stating whether or not the case will proceed to trial.
